

Jenny will run into the street today...

The faster the speed  
of the car, the  
greater the chances  
Jenny will die.

*Every day, children playing near streets dart or dash  
into the path of cars and get hurt or killed.*

Teach children to stop and look left, right and left once more.

Reduce speeds in communities.

For more information about how to make  
children safer walkers and communities safer  
for children walking, contact:
